

Baseus Magnetic Mini Wireless Fast Charge Power Bank 10000mAh 20W

User Manual

Please read this user manual carefully before use and keep it properly

1. Product Parameter

Brand: Baseus
Name: Power Bank
Model No.: PPCXM10
Battery: Polymer Lithium Battery
Power Capacity: 10000mAh / 38.5Wh
Rated Capacity: 5800mAh (5V-2.4A)
Energy conversion rate: ≥75%
Type-C input: 5V-3A; 9V-2A
Type-C output: 5V-2.4A; 9V-2.22A; 12V-1.5A
Wireless Output: 5W/7.5W/10W/15W
Total output: 5V-2.4A
Product size: 104.6x68.9x20 mm
Product weight: About 208g

2. Packing list

Power Bank *1 User Manual *1 Warranty card *1 Charging Cable *1

3. Product Diagram

4. Product description

This product is a portable charging device that can provide wired and wireless charging for mobile phones, tablets, e-book readers, game machines and other digital products. The product combines wired charging and wireless charging into one with the feature of magnetic suction positioning, and supports IP20W PD fast charging, Type-C dual-way fast charging, 15W wireless fast charging, etc. It has built-in FOD, overcharge, over-discharge, temperature protection and other safety protection circuit.

5. Use environment

Working Temperature: Non-tropical area, 0°C to 40 °C
Storage ambient temperature: 0 °C to 40 °C

6. Icon description

The 5-year icon refers to the "valid environment-friendly use period", not the product quality assurance period. Electronic products contain toxic and harmful substances such as lead, mercury and cadmium. The overuse of these products may lead to leakage or mutation of these toxic and harmful substances, cause environment pollution or serious damage to people and property. The term of "environment-friendly use period" means that all electronic products shall be used within this validity period. We are free of any responsibility against safety issues caused by using the product beyond its safe service life.

7. Operation description

For viewing battery level:
Press the button once to initiate the power output function, and check the remaining battery of the power bank, during which time the indicator will light up for about 30s and then go out.
Wired charging operation:
Connect the charging cable to the corresponding output port of the power bank, and it will start to output automatically. Due to compatibility issues, certain smart phones need to press the key to turn on the power output function. Press the

button once to enter power-on state for 30s, during which time if there is no external load connected, the power bank will automatically turn off.
Wireless charging operation:

The product comes with an auto-wake function for wireless charging. When it detects any phone placed on, it will automatically start charging. Due to compatibility issues, certain mobile phones need to press the button to start the wireless charging. Press the button once, and the power indicator will light up. At this time, the wireless output function is turned on, which can charge the mobile phone wirelessly. If there is no wireless charging devices detected within 30 seconds, the product will automatically turn off the wireless charging function.

8. Wireless charging tips

The wireless charging mobile phone should be placed in the wireless charging area of the product (the transmitting area of the wireless charging coil is illustrated in the picture) for wireless charging. The wireless charging distance is within 8 mm. If the distance exceeds 8 mm, the wireless charging can not function. Please adjust the wireless charging distance within the wireless charging range.

9. Safety warning instructions Tips

- 9.1. The charging contact surface on the back of the mobile phone should not be covered with metal materials, such as iron sheet, ring, metal protective case, etc.
- 9.2. When the mobile phone is charging, if intermittent charging or serious heating is found, it may be that the receiving coil of the mobile phone is not completely aligned with the wireless charging coil, or there is metal foreign matter in the protective sleeve of the mobile phone. Please try to cool the mobile phone, remove the protective sleeve, and then align it in the correct position.
- 9.3. Please do not disassemble the machine by yourself. Improper use or improper placement of the product by the user may reduce the service life or damage the product. Therefore, the responsibility does not belong to the warranty responsibility or the manufacturer's responsibility. Please understand.
- 9.4. Mobile power has conversion efficiency, so the battery capacity of mobile power is not equal to the rechargeable capacity.
- 9.5. Please charge your power regularly (at least every 5 months is recommended) to maintain its long service life.
- 9.6. In case of any personal and property damage caused by consumers' improper use or warning in violation of the product instructions, the company will bear all consequences, and the company will not bear any legal liability.
- 9.7. Avoid using electrical appliances or loads that exceed the output current of the product (the circuit will be protected, no output).
- 9.8. Avoid strong physical effects, including knocking, throwing, trampling, squeezing, etc.

10. Statement on Toxic and Hazardous Substances in Electronic Information Products:

This form is compiled in accordance with SJ/T 11364.
O:It indicates that the content of the toxic and harmful substance in all homogeneous materials of the component is below the limit specified in GB/T 26572 standard.
X: The content of toxic and harmful substances in at least one homogeneous material of this part exceeds the limit stipulated in GB/T 26572 standard. The product complies with EU ROHS 2.0 directive (2011 / 65 / EU)

Part Description	Toxic or hazardous substances and elements					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent chromium (Cr VI)	Polybrominated biphenyls (PBB)	Polybrominated diphenyl ethers (PBDE)
PCB	X	○	○	○	○	○
Electrode	○	○	○	○	○	○
Battery	X	○	○	○	○	○
Casing	○	○	○	○	○	○

It is hereby declared that PPCXM10, a product model of Shenzhen Times Innovation Technology Co., Ltd., complies with the provisions of Directive 2014/30/EU, 2011/65/EU. The full text of the EC Declaration of Conformity can be found on the following website: www.baseus.com

This equipment complies with the provisions of Directive 2012/19/EU. It is strictly forbidden to dispose of this equipment with ordinary trash; it must be recycled. This symbol indicates that the product shall not be treated as regular domestic trash, and must be delivered to a recycling center that is capable of recycling electronic and electrical equipment.

Warning **lease follow the above safety instructions otherwise it will cause fire, electric shock, damage or other damage.**
